

ONE FRIENDLY DINOSAUR

One friendly dinosaur wants to play peek-a-boo.
She finds another, then there are two.

Two friendly dinosaurs look behind a tree.
They find another, then there are three.

Three friendly dinosaurs want to find some more.
They find another, then there are four.

Four friendly dinosaurs in the water do dive.
They find another, then there are five.

Five friendly dinosaurs play in the sun.
They all run to hide, now there are none.
